The Tuscan Wine Trail The Most Beautiful Cycling Routes You Can Imagine

For five days in August, you will be transported back to ancient Roman Times, to the magnificence of the Renaissance, and to one of the cradles of great wine making. Think of the endless rows of Cypress trees and the vineyards of Panzanno, Greve, Castellani, Gaiole and Rada. And where Da Vinci was believed to have captured, for eternity, his Mona Lisa's smile.

There are two cycles planned each day - 100km/50km. The choice is yours. Each group will have an experienced road captain and a support car. And if you'd rather take a break, you're free to sit by one of the swimming pools at the hotel and give tired muscles a break. Exclusive day tours can also be arranged.

Half Price For Partners Just Joining For The Fun Of It

Why not invite your better half to come and join you and enjoy all the laughs and fun without stepping anywhere near a bike. Partners are invited to cheer from the balcony for a 50% discount on the tour price. The serene and majestic accommodation we have booked for this tour offers spa, swimming and relaxation treatments to while away the hours, along with organised tours of the region for those who just want to come along for the ride - without pedalling a single stroke.

Amedeo Tabini

Amedeo is an ex Italian cycling pro. With well over 1,000 tours under his saddle, Amedeo is the perfect cycling guide to show off his native countryside.

From the best local coffee stops to beautiful cycle routes, Amedeo will show you the way.

Stay in Quiet, Old World Luxury

Your base is a stunning Tuscan Palazzo hotel in the heart of the Chianti hills and the epicentre of the great wine producers of the region. Each day you'll set off and return to the beautiful hill town of Rada in Chianti, almost 2,000ft up in this protected natural area of great beauty. The hotel itself boasts spa and relaxation thereapies, a swimming pool, and elegantly restored rooms which balance both all modern comforts with the beauty of the old.
